

ENVIRONMENTAL POLICY STATEMENT

Robson Civil Projects is committed to meet and exceed client satisfaction through the provision of construction services across the civil, mining and rail infrastructure sectors in an environmentally conscientious and sustainable manner. Robson will strive to balance our operational requirements while minimising our impact on the environment and surrounding communities with zero reportable incidents.

Robson is committed to achieving the requirements set out in AS/NZS ISO 14001:2004 and continually improve our services, systems and processes. This will be accomplished through:

- The establishment and implementation of the Robson Management System framework and associated documentation aimed at satisfying, AS/NZS ISO 14001:2004, AS/NZS 4801:2001, AS/NZS ISO 9001:2008, and Client requirements;
- Setting measurable and realistic objectives and targets and reporting on progress towards their achievement;
- Monitoring all environmental incidents and nonconformances for continuous improvement through company processes;
- Ensuring our environmental impacts are considered and managed through comprehensive risk management practices across all aspects of our operations;
- Meeting or exceeding relevant Environmental Legislation, Client standards and statutory obligations whilst monitoring compliance to any relevant changes;
- Influencing our suppliers and subcontractors through our approach towards responsible environmental practices;
- Continued monitoring, review and improvement of our system through, internal audit, management review, incident investigation and reporting, task and activity observation, management interaction and inspections and
- Reviewing and adjusting this Policy to ensure it remains relevant to our operations.

The Managing Director and Managers show commitment to this Policy and the Robson Management System, developed to deliver its objectives, through the provision of skilled resources, training and education of personnel in relation to the environmental aspects of our operations.

The requirements of this Policy shall be communicated to all personnel through our company and project induction processes, where responsibilities and obligations in relation to this Policy and the Robson Management System will be explained and promoted.

This Policy shall be available to the public and be prominently displayed in all our work places. Personnel can access this Policy and the Robson Management System through the company Intranet.

GRANT ROBSON
Managing Director
December 2011
